SORT WITH SUNNY!

Use these stickers to turn everyday waste sorting into a simple household habit.

1 SET UP WITH SUNNY

Gather any 4 containers. Use anything you already have at home, like a:

Bucket | Crate | Basket | Box | Clean paint tub | Plastic bin

No fancy bins needed, use what you already have!

2 STICK WITH SUNNY

Stick a Sunny sticker on each container.

Plastic, cans, paper & cardboard

Dirty packaging & non-recyclable packaging, nappies, ash

Vegetable peels & food scraps

Keep used and expired batteries separate and safe

3 SORT WITH SUNNY

Can your household sort correctly for 7 days?

DAILY GAME! Give a point for each item sorted correctly. The winner is the **Sunny Sorting Champion** of the day. See who can collect the most points to become the **Champion** of the week!

4 KEEP SHINING WITH SUNNY

Keep up the good work! Some tips to continue:

- Start small. Every effort helps.
- Check with your local municipality to ensure your sorted materials reach the correct destination!
- Teach visiting friends!
- Keep your station neat and tidy.
- Only add dry, clean recyclables.

If it's plastic, you can also check the packaging's label:

= Recyclable!

= Not recyclable!
