Integrated Development Plan (IDP)

Second Review of 2017 - 2021 Plan

As prescribed by section 34 of the Local Government:

Municipal Systems Act, 32 of 2000

Adopted 27 May 2019

FOREWORD: EXECUTIVE MAYOR

As Executive Mayor of the Cape Winelands District Municipality, I am proud and honored to present to you the second review of the 4th Generation 2017 - 2022 strategic planning of this municipality as it is legislated by the Municipal Systems Act (MSA) of 2000.

Through a thorough IDP Process, the ever escalating needs of our community were brought under our attention. We have to deal with grim situations due to a whole range of factors of which not all are within the control of our citizens.

The Cape Winelands District Municipality strives to form firm partnerships with stakeholders in our jurisdiction so that as many of the challenges as possible can be addressed. We call upon our citizens to approach this municipality with innovative ideas about how we can stretch our budget to successfully address our core functions as stipulated in the Structures Act (Chapter 5).

The number of veld fires escalated during the past fire season and since the protection of lives and property is a core function, this municipality did not hesitate to not only successfully extinguish more than 1500 serious veld fires in our areas, but also managed to assist the Overberg Municipality (Betty's Bay fire) and the Hessequa Municipality. We commend our fire fighters for excellent work.

All other functions of the district were executed during the past year and will be addressed with commitment during the new process of service delivery.

I thank the whole team at Cape Winelands District Municipality under the administrative leadership of our Municipal Manager, Mr Henry Prins for sterling work.

Please remember that local government is all about people and we need to take hands with our citizens to render services and to maintain our vision of 'a unified Cape Winelands District Municipality for excellence and sustainable development'.

Executive Mayor
Alderman (Dr) Helena von Schlicht

OVERVIEW / PREFACE: MUNICIPAL MANAGER

As the Accounting Officer of Cape Winelands District Municipality I present to you the 2nd Review Integrated Development Plan (IDP) of the 4th Generation five year strategic plan (2017/2018 – 2021/2022), as required by legislation.

Integrated development planning is one of the key tools for government to fulfil its developmental role. In contrast to the role planning has played in the past, integrated development planning is now seen as a function of municipal management, as part of an integrated system of planning and delivery. The IDP process is meant to arrive at decisions on issues such as municipal budgets, promotion of local economic development and institutional transformation in a consultative, systematic and strategic manner.

Integrated Development Plans, however, will not only inform municipal management; it will also guide the activities of any agency from other spheres of government, corporate service providers and NGO's within the municipal area.

In conclusion I would like to express my sincere appreciation to the Executive Mayor (Ald) Dr H Von Schlicht and her mayoral committee members for always providing political guidance. To the municipal officials for their dedication and hard work, thank you for making Cape Winelands District Municipality excellent!

Municipal Manager

Mr Henry Prins

INTEGRATED DEVELOPMENT PLAN (IDP) REVIEW DOCUMENT

The Municipality's IDP is its principal strategic planning instrument, which directly guides and informs its planning, budget, management and development actions. This framework is rolled out into objectives, key performance indicators and targets for implementation which directly inform the Service Delivery and Budget Implementation Plan (SDBIP).

According to legislation, as per Section 34 of the Municipal Systems Act, 2000 (Act 32 of 2000):

“A municipal council must review its integrated development plan annually in accordance with an assessment of its performance measurements and to the extent that changing circumstances so demand...”

On 25 May 2017 our 4th Generation IDP 2017 - 2022 was adopted by council which serves as our 5 year plan. On 31 May 2018 our 1st Review IDP was adopted by council.

This document serves as the 2nd Review of the 2017/18 – 2020/21 Integrated Development Plan.

It is not the intention of the current document to duplicate the background information and detail that is already in the 2017 - 2022 document, therefore this document should be read in conjunction with the 4th Generation IDP 2017 – 2022 and the 1st Review IDP, ***as the Review does not constitute a new IDP.***

IDP.2 PRESENTATION

All departments of CWDM presented on their projects and future plans.

IDP.3 ISSUES / CONCERNS RAISED BY THE COMMUNITY

21. Cllr Carinus - CWDM

- What happens to the alien vegetation we clear regularly? Can we not use this as a business opportunity?

Cape Winelands District Municipality (CWDM) responds:

- Municipal Manager will set up meeting with Mr Van Wyk to discuss above mentioned business opportunity.
- Cape Nature and Working for Water will assist in working out a plan. Meeting to be set up.

22. Winelands Protection Fire Association (WPFA)

- Stats regarding number of calls versus the area and population size?

Cape Winelands District Municipality (CWDM) responds:

- CWDM will give feedback at next IDP meeting.

23. Executive Mayor Dr Von Schlicht - CWDM

- Community states that fire breaks are not effective enough. Is this true?
- Do you spend 100% of fire break budget?

Cape Winelands District Municipality (CWDM) responds:

- No fire break will ever be able to stop a fire due to the way a fire spots. But fire breaks have a lot of success stories.
- Yes, we do spend 100% of our fire break budget.

24. Mr Botha – Fire Services Breede Valley Municipality

- Thank you for always assisting BVM.
- In the past we received used vehicles from you, thank you very much. What is the possibility of receiving a new vehicle from CWDM?

Cape Winelands District Municipality (CWDM) responds:

- This issue was discussed at Management level that it is not fair to hand over 2nd hand vehicles.
- Internal discussions needs to take place to discuss above mentioned.

25. Deafinitely Global – Rochelle

- A lot of young deaf boys have big dreams including to become fire fighters. This unfortunately will never be possible. Where does this leave the deaf community?
- Is there a possibility that a deaf boy can wash a fire vehicle just to be in the space of fire fighters?

Cape Winelands District Municipality (CWDM) responds:

- Please do contact our Ambassador for disabled people Cllr Thys Blom.
- Municipal Manager and Mr Wayne Josias will have a discussion regarding this matter.

26. Executive Mayor Dr Von Shlicht - CWDM

- Status on pit latrine toilets on farms in CWD?

Cape Winelands District Municipality (CWDM) responds:

- MHS will give feedback.

27. Executive Mayor Dr Von Schlicht - CWDM

- Will it be possible for Cape Nature to work together with CWDM MHS?

Cape Winelands District Municipality (CWDM) responds:

- Cape Nature and MHS will discuss.

28. Executive Mayor Dr Von Schlicht - CWDM

- What is CWDM's status if there is a disaster? For example food parcels.

Cape Winelands District Municipality (CWDM) responds:

- Definition of a disaster has a legal description.
- CWDM Disaster makes sure people are assisted by DSD.

29. Suina Neethling – Dept of Health

- Bus shelters for clinics is a big need.

Cape Winelands District Municipality (CWDM) responds:

- Me Neethling and CWDM to discuss this matter.

30. Executive Mayor Dr Von Schlicht - CWDM

- At Groenberg School, Wellington area, the batteries of the solar panel got stolen. Is this still the responsibility of CWDM?

Cape Winelands District Municipality (CWDM) responds:

- Not the responsibility of CWDM.

Goeie dag Bianca en Natalie,

In opvolging tot ons gesprek gister, stuur ek die skrywe van Rachelle Venter hierby saam. Dit is 'n wye versoek maar gee ten minste 'n beskrywing van verskillende maniere waarop hulle ondersteun kan word.

Ek het laat weet dat ons dit bespreek het en in gedagte hou in ons beplanning.

Geagte Raadslid Du Plessis

Dankie vir die geleendheid om kontak met u te maak en meer inligting te verskaf oor ons groot nood vir ondersreuning met die lewens van ons Dowe Jeug van Worcester (Suid Afrika)

Ons Maatskappy streef om om te sien na die basiese behoeftes van Doves. Hoe? Deur werk skepping.

Ons wil graag " tender" vir kontrakte by die regering. Dit hoef nie net in Worcester te wees nie, aangesien ons in kontak is met Doves landwyd.

Ons Doves het basiese vaardighede in : landbou, konstruksie, tuisneierheid (catering) skoonheid, skoonmaak en restorering van meubels (houtwerk) asook oortrek van meubels en swys werk.

Ons benodig n perseel wat as basis sal dien, sal wonderlik wees as ons kan groente plant en vee kan aanhou om kos te kan voorsien.

Ons kan self n inkomste genereer deur aan die gemeenskap dienste te verskaf soos n tuindienste, skoonmaak en konstruksie.

In Worcester is die Dowe gemeenskap in warboel deur NID en Deaf Net se veranderings- dus n dringende nood om so gou as moontlik om te sien na n alternatiewe manier om hul te akomodeer.

U hulp hiermee sal baie waardeer word.

Ek sien uit om van u te hoor.

Dankie vir die voorreg om u te kan kontak met hierdie saak.

CAPE WINELANDS DISTRICT MUNICIPALITY

MINUTES OF THE MAYORAL BUSINESS BREAKFAST OF THE CAPE WINELANDS DISTRICT MUNICIPALITY HELD ON FRIDAY, 12 APRIL 2019

AT 7H30 AT SLANGHOEK MOUNTAIN RESORT, SLANGHOEK ROAD, RAWSONVILLE

1. OPENING & WELCOME

- a) Programme Director, Natalie Fortuin (IDP Coordinator) welcomed everyone present.
- b) Cllr Kobus Du Plessis (Portfolio Holder: Local Economic Development) opened the proceedings with prayer.

2. SPEECHES

- a) Executive Mayor, Ald (Dr) Helena von Schlicht addressed the following:
 - The Mayoral Business Breakfast is another platform to interact with the influencers / leaders of the communities. We need the input and partnership of the influencers in our communities.
 - Attendees are those who do not necessarily attend IDP meetings.
 - Aim of the Mayoral Business Breakfast - to create a further opportunity to address issues raised during the 2018 Mayoral Business Breakfast, if not resolved to satisfaction, to share the CWDM budget and to open the floor for questions in this regard and creating a space in which partnerships in local government can be built.
 - The functions of the CWDM, which is executed with limited of funds.
 - Concluded with encouraging plea to all present to interact with CWDM, and seek manners in which we can take the district forward together.
- b) Director: IDP, Performance & Risk Management, Bianca Daries addressed the following:
 - Overview of CWDM as an organisation including the Vision, Mission, and strategic objectives; further elaborated on the functions of the CWDM including the unmandated function.
 - Overview of the 2019/2020 proposed Budget.
 - Welcomed those who wish to engage with CWDM on the matter of their budget, to do so.
- c) Western Cape Provincial Minister of Community Safety, Minister Alan Winde addressed the following:
 - Unpacked the meaning of the word 'partnership' in the context of local government and private businesses.
 - Why partnerships are important, 'if we do not find and build on these partnerships, we will not grow'.
 - The Red Tape Reduction Unit that has been put in place to address the struggles of businesses with regard to red tape.
 - Partnerships are necessary and should add value.
 - Made mention of changes needed in legislation.

- Speaking to local government – Get the right people to deliver on the project you identified.
- Speaking to local government officials – Encouraged to radically do our jobs and to think differently and innovatively.
- Local government need to work with budgets differently and innovatively in order to really add value to partnerships.

3. QUESTIONS AND ANSWERS

Municipal Manager, Mr Henry Prins opened the floor for questions.

- a) Monwabisi Mpeluza (Director Corporate Services: Witzenberg Municipality)
- Challenge that is hindering partnerships with other stakeholders relating to the lack of proper security and safety that we can provide. The cost of maintaining and managing the security and safety of each town has to be looked at in relation to lawlessness protests. What are we doing to assist our businesses when these lawlessness protests take place? How can we strengthen this area?
Example was made of Ceres, and farmers not being able to move their produce to the harbour if there are protests on the main road in and out of Ceres.
 - Suggestions made – Strengthen law- enforcement department. Collaborate with private security companies as a support mechanism.
 - We need to look at how we educate the lower LSM during engagements with stakeholders.
- b) Johan Rademeyer (Skyward Group, Wellington)
- Appreciative of the focus on partnerships.
 - Recertification of agricultural products. A closed conference for the B municipalities of the Western Cape Province including the Metro to be created in order for consensus to be reached so that all is on the same page, the sooner the better, the GAP market has come to a standstill and only moving forward in the Metro and we all need to move forward.
- c) Nicholas Dicey (La Plaisante Estate, Wolseley)
- The agricultural sector is under pressure and often the target of populists amongst others and work in a market environment that does not always understand how things work and expect things to go faster.
 - Challenge municipalities in the Cape Winelands to create open platforms, for public/private partnership to engage with one another. There is a disconnect between the public and private; opportunity needs to be created for continued engagement.
- d) Bertie van der Merwe (Alfalfa, Robertson)
- Compliments to CWDM.
 - There is money spent on a dam elsewhere, which in the past two years has not filled up. Why is Breederivier not being considered?
 - Construction just finished on the road between Worcester and Robertson but it cannot take the traffic. There is an alternative road from Robertson and is 80% upgraded but there are still areas that need upgrading which will be a small comparative expense.
- e) Johannes Frederick (Bonnievale Wines, Bonnievale)
- Life on the farms are plagued with various issues including drugs.

- Institutions/organisations be identified to come to the farms, which can conduct training on the farm? Training for a wine maker, skills and training which can stay on the farm.
 - Police and ambulance services is also a concern, especially how long it takes these services to reach the farms.
 - Where can they go to find answers to address the various issues faced on the farms?
 - Institutions/organisations that can be contacted to assist with the children from the farm who has fallen to drugs?
- f) Kobie van Breda (Van Breda Agri, Stellenbosch)
- Young professionals are leaving the country at a rapid rate. What will be done to keep these young professionals, such as engineers in South Africa?

Western Cape Provincial Minister of Community Safety, Minister Alan Winde addressed the questions and comments made:

- a) We need to fix crime, but to fix crime we have to look at the whole spectrum. We have to start looking at values, the whole of society. We all have a role to play. We have to put programmes in place. Now we have a lawlessness in our society. Referring to the protests specifically, this is a complex issue. Politicians need to start thinking about how they should deal with this. Lawlessness should not give the protestors a fast track to contact with government.
- b) Referred to First Thursdays where the Ministry is open to community members to walk in with no appointment and would like to create this throughout the provincial government. Create that open spaces.
- c) Agriculture should not feel left out. There is a government focus on agriculture. A large amount of money has been assigned to agriculture. Made mention of STEM (Science Technology Engineering and Maths) will be changed to STEAMAC (Science Technology Engineering Agriculture Maths Arts Coding/ Cloud/ Computer). We need to look at our curriculum. Are we producing those future jobs for the future of our agriculture sector?
- d) Water engineers are talking about this Breederivier dam. Biggest problem is the National Department of Water Affairs; there are various matters being dealt with. No answer to the Road comment but the comment was noted. Roads are always a priority.
- e) Build on the partnerships in the agriculture sector in the area. Made mention of Project Chrysalis Academy - Life skills training for young people, and the hopes to role this project out bigger.
- f) We have to create a conducive environment to generate investment.

Municipal Manager, Mr Henry Prins addressed the questions and comments made:

- a) On a district level the grant received from Community Safety Department for the next three years has been discussed. Where we the municipalities have to work out something in our own spaces and how will we then collaborate with our various stakeholders and partners. Nominations have been received for a Steering Committee.
- e) CWDM has a partnership in the area with a rehabilitation centre already and will be in contact with Mr Fredericks to share the information.

4. VOTE OF THANKS AND CLOSING

- a) Cllr Dirk Swart (Executive Deputy Mayor, CWDM) did the vote of thanks and closing of the Mayoral Business Breakfast.

The Mayoral Business Breakfast concluded at 10:05.

CHAPTER 4: DEVELOPING OUR STRATEGY

4.1 Review of Cape Winelands District Municipality (CWDM) Spatial Development Framework (SDF)

CWDM compiled a Draft Spatial Development Framework for its area of jurisdiction in terms of Section 26 of the Local Government: Municipal Systems Act, 2000 (Act No. 32 of 2000), Chapter 4, Section 12(1) of the Spatial and Land Use Planning Act, and Section 13(1) of the Western Cape Land Use Planning Act, 2014 (Act 13 of 2014).

On 19 February 2019 the Draft Cape Winelands District Spatial Development Framework was submitted to the Provincial Minister for comment within 60 days after receiving the notice.

Draft Cape Winelands District Spatial Development Framework will serve before Council for adoption in May 2019.

4.2 Cape Winelands Socio-Economic Strategy

In June 2018 the draft CW-RSEDS were submitted to the Executive Mayor of the Cape Winelands District Municipality. An extensive round of internal consultations was undertaken between August and November 2018. In February to March 2019 final round of external consultations took place to finalise CW-RSEDS. It is envisaged that the CW-RSEDS will be approved by the Cape Winelands District Municipality's Council by May 2019.

4.3 Pilot community based outpatient treatment program (CBT)

The 2018 year was largely spent on the development of a registered CBT which includes professional counselling services and support of families affected by substance abuse. The Town of McGregor was nominated by stakeholders as the pilot Town for the CBT in response to the significant increase of child removals by the Department of Social Development and high number of teenage pregnancies and school drop-outs over the past two years.

Community Based Treatment is a specific integrated, multidisciplinary model of treatment for people affected by drug use and dependence within the community which provides a continuum of care from outreach and low threshold services, through detoxification and stabilisation to aftercare and integration. It involves the coordination of a number of health, social and other non-specialist services needed to meet the patient's needs. Strong support

is also given to the patient's family and the community to address the drug and alcohol problems in their complexity and to ensure efficient and long-term results.

The main activities of the CBT will be as follows:

- Provision of professional Screening, Assessment, Diagnosis and Treatment of substance abuse disorders directly accessible to patients and family members within the community
- Referral access to Inpatient where necessary (based on professional screening)
- Provision of Aftercare Support Groups with knowledgeable resources
- Provision of structured therapeutic Support Programmes
- Continuum of care via a network of services (at community-level) -mobilisation of community resources, cooperation and participation
- Integrated in community health and social services – full service spectrum

The LSAAG approach to substance abuse treatment in the Rural Region is pioneering and provides a powerful opportunity to engage communities, service providers, farm owners, business owners, Government and the general public in collectively dealing with this challenge. Minister Fritz perceives this initiative by LSAAG as a very specialized model in the field of drug addiction treatment and is also interested in transferring this model into other municipalities in the Western Cape.

LSAAG Community Based Treatment Programme (Montagu) has been granted temporary registration in terms of Section 14(1) of the Prevention of and Treatment for Substance Abuse Act, 2008 (Act No. 70 of 2008) read in conjunction with Regulation 17 of Act 70 of 2008 for **Community Based Services: Treatment.**

Above mentioned Programme is an in-patient facility, running on an out-patient basis. Patients don't stay at the facility overnight, they attend the facility daily for a period of 6 – 8 weeks of intensive therapy and care while still living in their communities.

We are proud to announce that this facility are ready for intake of community members, please see contact details below.

CHAPTER 5: PRIORITIES AND KEY INTERVENTIONS

5.1 Strategic Objective 1:

Community Development and Planning Services

5.1.1 PRE-DETERMINED OBJECTIVE 1.2: *Ensure coordination of multi-disciplinary and sectoral disaster risk reduction through integrated institutional capacity for Disaster Risk Management, Disaster Risk Assessment and Response and Recovery.*

DISASTER MANAGEMENT

The Ward Based Risk Assessment will be reaching its conclusion in the 2019/2020 financial year. During the 2018/2019 financial year, the Disaster Management Division will be continuing the roll out of the project in Drakenstein Municipality. It is anticipated that the project will be concluded during the 2019/2020 financial year and the Division will have successfully completed risk assessments in all wards across the district. During the 2019/2020 financial year, the Division will fine tune the document in order to bring it in line with the guidelines provide by the National Disaster Management Centre for Risk Assessments.

The Disaster Management Division in collaboration with the Western Cape Education Department: Cape Winelands District continued the roll out of the Disaster and Emergency Management training. This has been a multi-year programme with the final 80 schools to be trained during the 2018/2019 financial year. This collaboration stemmed from an urgent request by the Department of Education to assist in capacitating School Safety Officers with the necessary skills and knowledge to develop school safety plans. A requirement of the training is the schools must submit a school safety plan. Disaster Management Officials provide one on one assistance to schools to aid the completion of the safety plan.

During the training, schools requested assistance with fire extinguisher training for fire marshals. During the 2019/2020 financial year, the Disaster Management Division therefore intends to roll out such training for all schools within the Cape Winelands. The recent fire at a school hostel in Worcester has highlighted the importance of all fire marshals having practical training in the use of fire extinguishers.

Disaster Management capacity at certain of the local municipalities remains a challenge with the implementation of the Disaster Management function across the District. The Disaster Management Division has investigated the placement of Disaster Management students

requiring an internship for their qualification at the local municipalities. This strategy would be a temporary fix until local municipalities have established a Disaster Management post in their organograms. These interns would be funded by the Cape Winelands for two years after which municipalities would have to establish capacity for Disaster Management. The placement of the intern would assist the local municipalities with implementing the basic requirements of Disaster Management.

The Division has been allocated R1 000 000 of funding for improving the safety of communities in the district.

5.1.2 PRE-DETERMINED OBJECTIVE 1.3: *Provision of effective planning and coordination of fire prevention, safety and fire-fighting services throughout the Cape Winelands.*

FIRE-FIGHTING SERVICES

The Fire Training Academy has a challenge due to shortage of staff. This also impacts training outputs. To address this challenge, a business case was drafted to determine how the Academy can be sustainable in its activities. The case describes a legal training mandate, future structure, courses and tariffs.

Cape Winelands District Municipality will discuss further plans in the 2019/20 financial year.

5.1.3 PRE-DETERMINED OBJECTIVE 1.4: *To facilitate environmentally sustainable economic development planning through the development and maintenance of strategic partnerships, investment attraction, retention and opportunities, SMME support and development, skills development and information and knowledge management.*

Tourism Mobile Apps Project

The next phase of the Tourism Town Apps, is the continuation of the roll out of capacity training for tourism businesses on how to optimally use the App for their businesses in terms of marketing their services to tourists.

The Cape Winelands District Municipality will also launch its Tourism Routes and Events app during Tourism Month in September 2019.

Trade Shows

The CWDM will attend a new trade shows in the 2019/20 financial year focused on exploring the African market for Cape Winelands products and services.

Tourism Marketing

The tourism marketing objectives are as follows:

- To reinforce and expand the Cape Winelands tourism destination brand;
- To promote the Cape Winelands as a premier South African tourism destination;
- To increase the Cape Winelands, share of the provincial tourism market;
- Expand the domestic travel market of the Cape Winelands by targeting and attracting South Africans who traditionally did not have the opportunity to travel and explore their country;
- Increase visitor numbers and the length of stay of visitors to the area;
- Improve the geographical spread of visitors and visitor spending; and
- Reduce seasonality;

Therefore, a number of tourism marketing projects are undertaken by the Tourism Department to ensure that the above-mentioned objectives are reached.

Media/tour operators educationals

This project aims to promote the hidden gems and the cultural heritage of the Cape Winelands region through the hosting of media journalist and tour operators throughout the Cape Winelands region. Seven educationals have been planned for the financial year, by doing so Cape Winelands District Municipality aims to promote the new and niche product to the

domestic and international market through free article placed in different magazines and newspapers by the journalist who takes part in these educationals.

This a very powerful marketing tool which would have costed the municipality a lot of money. We have six media educationals per financial year, and each B municipality get a chance to host the media group below is a list of journalists that take part in each educational. A mileage is calculated by expect which gives the district the value for money.

Tourism month

The Department of Tourism celebrates Tourism Month under a different theme annually. The theme is in line with World Tourism Day, as identified by the United Nations World Tourism Organisation (UNWTO). Tourism Month is celebrated annually and is aimed at encouraging South Africans to travel their country and get a better understanding of the fun, affordable and exciting attractions available to them on their own doorstep. "Tourism Transforming Lives" gives us an opportunity to highlight the positive impact of tourism for ordinary citizens in contributing to:

- Economic contribution of the sector
- Job creation in tourism and poverty alleviation and its relation to the National Development Plan
- Growth of the destination, Investment in infrastructure and the implications of this on domestic tourism and ultimately the economy
- The Sho't Left marketing campaigns for Local travellers.
- Tourism South Africa has more information on tourism in South Africa.
- Cape Winelands District Municipality, had its launch with the following stakeholders Breede Valley, Worcester Wine & Olive Route, Breedekloof Wine & Tourism, the audience was entertained by the Real Dance Group

Tourism events

Tourism events is a systematic and a planned marketing tool to attract more tourists, improve the image of a destination, increase tourist arrivals, improve seasonality and geographic spread within a destination. Cape Winelands District Municipality supports up to 28 events happening across the Cape Winelands region. These events bring more feet to the various towns and increases the economy of the area by them spending money and staying longer in the region.

Exhibitions, Road shows, Expos

By attending Expos, we provide a platform for the region to:

- promote tourism offerings;
- attract Investments;
- create employment opportunities;
- access niche markets;
- Enable SMMEs to network with established businesses;
- Level the playfield between established and upcoming new tourism businesses;
- Establish and foster tourism partnerships;
- and improve planning, coordination, alignment and integration between all spheres of government, private sector and communities;
- Expo's attended by Cape Winelands are: WTM Africa, Indaba, Beeld, Getaway etc.

Website

As the society, has driven into Internet Era, tourism is extensively transformed by the by e-commerce phenomenon Website is the web and a perfect medium for selling travel. While, with the popularization of computers through the Internet, Cape Winelands have also migrated into website as this much easier to carry google reading information on internet as a traveller make their buying decision on the available information in soft version available on the Internet from regional and national tourism boards in a large amount.

Nowadays, Internet has now become a promotional and advertising tool, the Internet suits the marketing principles for travel and tourism because it: (a) allows travel suppliers to set up a direct link with customers; (b) gets rid of the unfair barriers for customers and suppliers; (c) relieve equal competition; and (d) decreases price discrimination opportunities. Consequently, the Internet not only serves to deliver information but also act as a public relations tool

Tourism Month Launch and the Mayoral Tourism Awards

The project aims to honour and acknowledge the important role played by various stakeholders in promoting and strengthening the tourism industry of the Cape Winelands region. The recognition is bestowed upon by the Executive Mayor by means of a launch of Tourism Month at the start of September and a Mayoral awards ceremony to the end of September and then a media launch in March the following year.

To encourage all the stakeholders within the Tourism Industry of the Cape Winelands District Municipality to continue rendering an excellent service to local and international tourists.

5.1.4 PRE-DETERMINED OBJECTIVE 1.5: *To facilitate and ensure the development and empowerment of the poor by graduating people out of poverty, social inclusion and improving the livelihood of the poor, vulnerable groups, rural farm dwellers and rural communities*

1. FAMILIES AND CHILDREN

Substance Abuse Rehabilitation Programme

Substance abuse is defined as overutilization of drug that leads to temporary/permanent impairment of the person physical, emotional and psychological wellbeing. The effects of substance abuse on the health, work productivity and social well-being of the person have an enormous toll on the overall being of the person. Cape Winelands District Municipality in partnership with social development and NGO's in the Langeberg area has contracted Toevlug Centre to accommodate 11 clients for in-patient treatment for clients residing in the Langeberg. Through intensive screening eleven patients were referred to Toevlug for a period of five weeks and working with the NGO's to prepare the family of the clients while in patients were still in the Rehab. The project was completed on the 10 of December 2018, all the clients were discharged from Toevlug Centre. The project started as a pilot in Langeberg and will be rolled out in Drakenstein area 2019/20 Financial year.

Sanitary Ware

Cape Winelands District Municipality (CWDM) in partnership with Department of Education in our district encourage the nation that education as a tool for a better future. Both CWDM and DOE ensure that the education of young girls is not hindered because of lack of the basic necessity of feminine hygiene products, they visited rural schools across the district to handover sanitary towels packs.

It is a sad reality that in South Africa many young girls miss up a week of school each month because they have limited access to feminine hygiene products, specifically sanitary towels. Through the division Rural and Social Development visited 18 schools district wide in June 2018. Cape Winelands District Municipality handed over 5 000 sanitary towels to Rural Schools of our district. For the 2019/2020 financial year CWDM are planning to distribute 5 000 sanitary towels to other Rural Schools in the district.

Young people are the heart of the future of South Africa and of our district. CWDM want to break the cycle of poverty and education plays an integral role in doing this, thus this initiative will continue to ensure that not one girl miss a single day of her education.

2. SKILLS DEVELOPMENT PROGRAMME

Driver's License Training Project

Cape Winelands District Municipality in partnership with the Health, Education, Social Development sector departments and Drakenstein Municipality will be embarked on an Integrated Governmental Relations programme for 25 unemployed youth in the Drakenstein area for 2019/20. The programme afforded the participants the opportunity to obtain a Driver's License. Training consisted out of 10 (ten) Practical driving lessons and a Driver's License test.

Farm Lay – Health Workers support (LHW)

The objective of this programme is to assess the effects of LHW interventions in primary and community health care on health care behaviors, patients' health and wellbeing, and patients' satisfaction with care.

Cape Winelands District Municipality will be investing in Farm Health Workers by providing first Aid 1 and 2 Training in April 2019 and this will be piloted in the Drakenstein Area and across the district in 2019/20 financial year. The programme will afford the participants an opportunity to obtain First Aid training with first Aid kits. Training will consist of Theory and practical.

3. YOUTH PROGRAMME

Life Skills and Job Readiness Camps

Cape Winelands District Municipality (CWDM) in partnership with Deafnet, DSD, GCIS and various stakeholders will host a youth camp for people with disabilities and abled youth in April 2019. The programme will be implemented across the district during 2019/20 financial year.

4. WOMEN PROGRAMME

Support Initiatives on Gender Mainstreaming

The concept of gender mainstreaming aims to promote gender sensitive approach internally and externally in-service delivery in all levels at Municipalities in the province. Gender mainstreaming is a must need to be incorporated as a programme to gender concerns in planning and development processes, including the development of appropriate indicators in all Local Government units/directorates at all levels and at all actions/programms. It is always

regarded a tool aims to create awareness, increase knowledge, develop skills, capacity and change behaviours/perceptions in service delivery.

Cape Winelands District municipality in partnership with Department of Local government in the province wants to host capacity- building workshop on gender mainstreaming for Officials and Councillors. Human traffic awareness programmes with community or schools with in Cape Winelands will be implemented in the next financial year 2019/20.

5. EARLY CHILDHOOD DEVELOPMENT PROGRAMME

The Cape Winelands District Municipality realises that the early years are of crucial importance for every child's development. It is a period of great opportunity, but also of vulnerability to negative influences. Early years of childhood form the basis of intelligence, personality, social behaviour, and capacity to learn and nurture oneself as an adult. There is ample evidence worldwide on how quality early childhood development services make a difference in the child's life, but also to society, and there is agreement that quality integrated ECD programmes have substantial payoffs for the child and society as a whole. Cape Winelands District Municipality will be investing in early childhood development by assisting ECD Centres in the 2019/2020 financial year.

5.2 Strategic Objective 2:

Technical Services

5.2.1 PRE-DETERMINED OBJECTIVE 2.2: To implement sustainable infrastructure services.

CAPE WINELANDS DISTRICT MUNICIPALITY: REGIONAL WASTE DISPOSAL SITE

During 2011 the need was expressed by various municipalities within the district municipality's jurisdiction area for the development of a regional landfill site. Consultants were appointed by the District Municipality for the identification and licensing of one/two regional waste disposal sites. A waste management licence was issued for a regional site in the Worcester area (adjacent to the existing landfill site) during May 2015 and during September 2015 an environmental authorisation was issued in terms of which the District municipality was authorised to undertake several listed activities on the identified site, in effect granting it the right to establish a regional waste disposal site. This regional waste disposal site at this stage will serve local municipalities located on the eastern side of the Du Toitskloof Mountains, namely, Witzenberg, Breede Valley and Langeberg local municipalities.

During November 2015 an interested and affected party lodged an appeal against the decision to grant the environmental authorisation. During October 2016 the Minister of Local Government, Environmental Affairs and Development Planning, Western Cape Provincial Government dismissed the said appeal and upheld the decision to grant the environmental authorisation.

The applicants then brought an application to review the decision of the Director and the subsequent decision of the Provincial Minister for the granting of an environmental authorisation in terms of the National Environmental Management Act.

There is currently a severe shortage of landfill airspace in the jurisdiction area of the Cape Winelands District Municipality. With regard to Drakenstein Municipality note should be taken of the fact that their waste-to-energy project was not implemented and the possibility exists that they, together with Stellenbosch Municipality, will have to utilize a new waste disposal facility within the next five to eight years.

The CWDM intends to appoint consultants for the proposed development of the Worcester regional waste disposal site and to initiate investigations on a possible waste disposal facility for Drakenstein and Stellenbosch Municipalities. Furthermore negotiations with the affected local municipalities will be undertaken to decide on the most appropriate and cost effective model in which to operate the waste disposal site.

It is envisaged that the implementation of the Worcester regional waste disposal site will be by the latter half of 2020 while a waste disposal facility for the eastern side can be implemented during 2025.

5.2.2 PRE-DETERMINED OBJECTIVE 2.3: *To increase levels of mobility in the whole of the CWDM area.*

District Integrated Transport Plan (DITP)

Cape Winelands District Municipality has an approved District Integrated Transport Plan (DITP) which was submitted to and approved by the MEC on 10 October 2016.

Transport of disabled persons remains a challenge.

CHAPTER 8: MEDIUM TERM REVENUE AND EXPENDITURE FRAMEWORK

8.1 INTRODUCTION

The application of sound financial management principles for the compilation of the Municipality's financial plan is essential and critical to ensure that the Municipality remains financially viable and that municipal services are provided sustainably, economically and equitably to all communities.

The Municipality's business and service delivery priorities were reviewed as part of this year's planning and budget process. The municipality also strives to deliver sustainable services to its community without overburdening the consumers with excessive tariffs.

The top strategic risks identified by the annual risk assessments can be summarised as follows:

1. Ageing ICT infrastructure
2. ICT – Disaster Recovery and Business Continuity
3. Financial Viability of the District Municipality
4. Human Resource capacity constraints
5. Sick leave abuse
6. Budget Constraints
7. Climate Change
8. Contract Management

For each of the above risk areas the municipality has put mitigating measures in place aligned to the specific department in the budget. These measures will be implemented over the MTREF period.

Due to the decreasing Equitable Share Allocation the municipality could not budget for a surplus, which will have a negative effect on its Accumulated Surplus. In addressing the key considerations contained in National Treasury's MFMA Circular 74, the following are highlighted in the budget:

- The municipality cut back on capital and operating expenditure related to the upgrading of rural roads (which is the property of the Provincial Government) to maintain accumulated reserves and ensure long term sustainability of the municipality
- Capital projects were spread out over the MTREF to avoid large fluctuations in spending and ensure that priority is given to projects with high importance
- Tariff increases were kept as low as possible to ensure affordability thereof, whilst keeping in mind the cost of delivering services of a high quality.
- The municipality recognizes the importance of cash reserves and therefore strives to maintain a current ratio of not lower than 2.1 (Current Assets: Current Liabilities)

In view of the aforementioned, the following table is a consolidated overview of the proposed 2019/2020 Medium-term Revenue and Expenditure Framework:

EMPLOYEE RELATED COST:

Remuneration of Councilors is budgeted for in terms of the Public Office Bearers Act and the approval of the MEC

OPERATIONAL COST:

The decrease in Operational Cost is mainly due to savings identified during the budget process.

CAPITAL BUDGET

The capital budget decreased from R 48 090 495 in 2019/2020 to R 27 831 100 in 2020/2021.

In terms of the MFMA, the Mayor must at least 90 days before commencement of the new financial year, table a draft budget for consideration. The budget must be approved in May 2019 after the completion of the public participation process. The Annual Budget of a municipality must be prepared in terms of Section 17 of the MFMA. Council's Budget must be in line with the Government's spending priorities. Key legal provisions are to be Strictly Enforced.

All grants, including national, provincial and local allocations, should be included in the 2019/20 budget of the municipality as reflected under both the revenue and expenditure budget components. A three year capital and operating budgets for 2019/2020, 2020/21 and 2021/22 MTREF period should be prepared. Reporting requirements for conditional grants must be satisfied.

The budget must be tabled for consultation at least 90 days before the start of the Budget year (Section. (16)(2)) of the MFMA. There must be a clear link between the Budget, IDP and Performance Targets. Municipalities are required to seriously assess their revenue situation and financial health for purposes of determining whether or not they have sufficient revenue and adequate financial stability to fund and deliver on their proposed budget.

The Cape Winelands District Municipality will implement a five-year Medium Term Revenue and Expenditure Framework, aligned to the five-year Integrated Development Plan for the 2019/20 - 2023/24 cycle.

8.4 FUNDING OF THE BUDGET

Definition of a Reserve:

A reserve is part of retained earnings set aside for a specified purpose, and hence, unavailable for disbursements

The only reserves disclosed in Council's financial statements are the following:

- Capital Replacement Reserve – to finance Property Plant and Equipment
- Revaluation reserve – to offset depreciation on the re-valued portion of building and de-valuation of buildings

(Both the above reserves are non-distributable reserves)

Definition of a Provision:

Provisions are made to make future payments towards liabilities that you already have (Future Medical Aid Liability).

8.9 AREAS OF POTENTIAL SAVING

There is a strong strategic understanding that Cape Winelands District Municipality must exercise its functions as a Planning and Co-ordinating authority and not as an Executing authority. Therefore, these areas of potential savings must be contextualized accordingly:

- Don't spend funds on unnecessary items such as:
 - Catering for meetings between officials and officials and councillors;
 - Excessive traveling; and
 - Replacement of old office furniture still in good condition.
- Save on Salary Bill;
- Co-operational agreements between councils;
- Excessive use of stationery;
- Decrease the use of consultants;
- Attend only necessary congresses; and
- Alienate under-utilized buildings.
