These certificates will be issued on the accounting officer's letterhead with the accounting officer's practice number and contact number clearly specified on the face of the certificates.

The content of B-BBEE Status Level Verification Certificates issued by accounting officers as contemplated in the CCA is detailed in paragraph 4.8.5 below.

### **VERIFICATION OF B-BBEE LEVELS IN RESPECT OF EMEs**

In terms of the Generic Codes of Good Practice, an enterprise including a sole propriety with annual total revenue of R10 million or less qualifies as an EME.

In instances where Sector Charters are developed to address the transformation challenges of specific sectors or industries, the threshold for qualification as an EME may be different from the generic threshold of R10 million. The relevant Sector Charter thresholds will therefore be used as a basis for a potential bidder to qualify as an EME.

- For example the approved thresholds for EMEs for the Tourism and Construction Sector Charters are R2.5 million and R1.5 million respectively.

- An EME automatically qualifies as a level 4 contributor with B-BBEE recognition level of 100% in terms of the Codes of Good Practice.
- An EME with at least 51% black ownership qualifies as Level 2 Contributor with B-BBEE level of 125% in terms of the Codes of Good Practice.
- An EME with 100% black ownership qualifies as a Level 1 contributor with B-BBEE level of 135% in terms of the Codes of Good Practice.
- An EME that is regarded as a specialized enterprise with at least 75% black beneficiaries qualifies as Level 1 contributor with B-BBEE level of 135% in terms of Codes of Good Practice.
- An EME that is regarded as a specialized enterprise with at least 51% black beneficiaries qualifies as a Level 2 contributor with B-BBEE level of 125% in terms of the Codes of Good Practice.
- An EME is required to submit a sworn affidavit confirming their annual total revenue of R 10 million or less and level of black ownership to claim points as prescribed by regulation 6 and 7 of the Preferential Procurement Regulations 2017.
- An EME that is regarded as a Specialized Enterprise, is required to submit a sworn affidavit confirming their annual turnover/ allocated budget/ gross receipt of R 10 million or less and level of percentage of black beneficiaries to claim points as prescribed by regulation 6 and 7 of the Preferential Procurement Regulations 2017.
- An EME may be measured in terms of the QSE scorecard should they wish to maximize their points and move to a higher B-BBEE recognition level. It is in this context that an EME may submit a B-BBEE verification certificate.

#### **ELIGIBILITY AS QUALIFYING SMALL ENTERPRISES (QSE)**

The Codes define a QSE as any enterprise with annual total revenue of between R10 million and R50 million.

- A QSE with at least 51% black ownership qualifies as a Level 2 contributor.
- A QSE with 100% black ownership qualifies as a Level 1 Contributor.
- A QSE that is regarded as a specialized enterprise with at least 75% black beneficiaries qualifies as a Level 1 contributor with B-BBEE level of 135% in terms of the Codes of Good Practice.
- A QSE that is regarded as a specialized enterprise with at least 51% black beneficiaries qualifies as a Level 2 contributor with B-BBEE level of 125% in terms of the Codes of Good Practice.
- A QSE is required to submit a sworn affidavit confirming their annual total revenue of between R10 million and R 50 million and level of black ownership or a B-BBEE level verification certificate to claim points as prescribed by regulation 6 and 7 of the Preferential Procurement Regulations 2017.

**K. CERTIFICATE OF INDEPENDENT BID DETERMINATION (MBD 9)**

1. This Municipal Bidding Document (MBD) must form part of all bids<sup>1</sup> invited.
2. Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).<sup>2</sup> Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
3. Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
  - a. take all reasonable steps to prevent such abuse;
  - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
  - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.

<sup>2</sup> Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

### COMPANY PROFILE

Pamela Daniels, as a historically disadvantaged woman, started THE RADIO LADY (PTY) LTD, trading as RADIO DOT COMM (RDC), in 1999, specializing in the supply, service and rental of two-way radio equipment and short distance communication to the security, transport, construction and film industries. We are also a proudly South African BBBEE Level 1 rated company

RDC innovatively and strategically targeted the niche security industry on realizing, that this market required a specialized service dedicated to the needs of the security industry. She has used her 20 years of hands on two-way radio sales and technical experience to deliver competitive, tailor made solutions to any problems her clients might encounter.

Her dedication and commitment to the two-way radio industry, existing clients and the phenomenal growth of the company resulted in RDC being nominated as a Finalist in the 2003, Western Cape, Emerging Entrepreneurs of the Year as well as a being a finalist in the National Fairlady/ Liberty Life, Entrepreneurship Awards. In November 2005, she won the Cape Times / KPMG Editors Award, for her innovative leadership and social consciousness as the only woman entrepreneur in the two-way radio industry. She is used extensively on the Liberty Life educational channels on national television networks to inspire the youth, woman and aspirant entrepreneurs to reach their goals.

RDC is not only in a position to provide good quality, unequalled personalized two-way radio services but also at affordable prices. To give further credence to this position RDC has strategically aligned itself with nationally like minded partners in order not only to enhance our profile but ensuring and offering our clients an established country wide footprint without changing RDC as a service delivery company.

RDC is an authorized dealer for most of the popular radio brands available on the market i.e. Motorola, Icom, HYT, Eclipse, Kirisun, Kenwood. RDC was awarded Motorola's Star dealer of the Year award in 2007 for sales in excess of R1 000 000. In 2008 we received the Motorola Prestige Award in recognition of sales in excess of R2 000 000 and since then has been in the Top 3 radio dealers in the Western Cape.

In 2008 RDC successfully supplied, designed, installed and commissioned the first Motorola Digital Mototrbo Network for the University of Cape Town with over 150 peripherals on a Turbonet Enterprise Management System ensuring GPS co-ordination.

RDC still service and maintain this infrastructure at UCT but more recently have installed Digital Networks at Century City (2010), the Groote Schuur / Observatory Central Improvement Districts (2012), the University of the Western Cape, Tyger Valley Centre and Old Mutual.

RDC currently owns over 30 UHF and VHF communal repeaters on Bottlarey, Simonsberg, Helderberg, Signal Hill, Table Mountain, Kanonkop, Tygerberg etc. that ensures its clients two-way radio communication coverage/airtime throughout the entire Cape Metropolitan area.

RDC also has an established GSM network via Kirisun Italk that allows our clients, partners and associates, access to a national radio communication solution.

The difference between our competitors and RDC is our ability to provide a comprehensive service, supported by exceptional personal attention (availability 24 hours) that our current client base can attest to. (References available).

RDC is extremely proud of its track record and the contribution we have made to improve the accessibility of a much needed service and product to the industries we serve. We realise how important and vital this service is to the efficient operation of our client base and promise to continually strive to improve and grow our Company thereby further enhancing our service delivery.

We trust that the content of this overview has provided you with a brief insight into the operations of our Company and we look forward to the opportunity of presenting you with a more tailored presentation, which specifically addresses your requirements.
