1. Acceptance or Rejection of a Tender

The Municipality reserves the right to withdraw any invitation to tender and/or to re-advertise or to reject any tender or to accept any tender in whole or part.

The Municipality does not bind itself to accepting the lowest tender or the tender scoring the highest points.

The Municipality reserves the right to accept more than one tender (in the event of a number of items being offered).

2. Validity Period

The fact and action of handing in a tender to the Municipality is accepted as a contract between the Municipality and the bidder whereby such a tender remains valid and available for a period of 180 days, calculated from the closing date as advertised for the tender, for acceptance, or non-acceptance by the Municipality. The bidder undertakes not to withdraw, or alter, the tender during this period.

3. Registration on Accredited Supplier Database

It is expected of all prospective service providers who are not yet registered on the Municipality's Accredited Supplier Database to register without delay on the prescribed form.

It will be expected from Suppliers to update registration details every 12 months from date of registration. Payment will not be effected if supplier information is outdated.

The Municipality reserves the right not to award tenders to prospective suppliers who are not registered on the Database.

If no such document can be obtained within a period as specified by the Municipality, the bid will be disqualified.

6. Site / Information Meetings

16. Specific Goals in terms of section 2 (1) (d) (i) and (ii) of the Preferential Procurement Policy Framework Act

16.1 Broad-based black economic empowerment (B-BBEE) status level certificates

Bidders are required to submit original and valid B-BBEE Status Level Verification Certificates or certified copies of the original, not a photo-copy of another certified copy thereof together with their bids, to substantiate their B-BBEE rating claims.

Bidders who do not submit B-BBEE Status Level Verification Certificates or who are non-compliant contributors to B-BBEE do not qualify for preference points for B-BBEE but should not be disqualified from the bidding process. They will score points out of 90 or 80 for price only and zero (0) points for B-BBEE.

A trust, consortium or joint venture must submit a consolidated B-BBEE Status Level Verification Certificate for every separate bid.

Public entities and tertiary institutions must also submit B-BBEE Status Level Verification Certificates together with their bids.

If an institution is already in possession of a valid and original or certified copy of a bidder's B-BBEE Status Level Verification Certificate that was obtained for the purpose of establishing the database of possible suppliers for price quotations or that was submitted together with another bid, it is not necessary to obtain a new B-BBEE Status Level Verification Certificate each time a bid is submitted from the specific bidder.

Such a certificate may be used to substantiate B-BBEE rating claims provided that the closing date of the bid falls within the expiry date of the certificate that is in the institution's possession.

Each time this provision is applied, cross-reference must be made to the B-BBEE Status Level Verification Certificate already in possession for audit purposes.

AOs / AAs must ensure that the B-BBEE Status Level Verification Certificates submitted are issued by the following agencies:

Bidders other than EMEs

- Verification agencies accredited by SANAS; or
- Registered auditors approved by IRBA (until the expiration of the period prescribed by the DTI)

Bidders who qualify as EMEs

- Sworn affidavit signed by the EME representative and attested by a Commissioner of oaths.

The list is accessible on http://www.sanas.co.za/directory/bbee_default.php.

The relevant BVA may be contacted to confirm whether such a certificate was issued.

- The name and physical location of the measured entity;
- The registration number and, where applicable, the VAT number of the measured entity;
- The date of issue and date of expiry;

- Clearly identify the B-BBEE approved registered auditor by the auditor's individual registration number with IRBA and the auditor's logo.
- Clearly record an approved B-BBEE Verification Certificate identification reference in the format required by the SASAE;
- Reflect relevant information regarding the identity and location of the measured entity.

- Reflect that the B-BBEE Verification Certificate and accompanying assurance report issued to the measured entity is valid for 12 months from the date of issuance and reflect both the issuance and expiry date.

Confirmation of the validity of a B-BBEE Status Level Verification Certificate can be done by tracing the name of the issuing B-BBEE approved registered auditor to the list of all approved registered auditors. The list is accessible on <http://www.thedti.gov.za> and / <http://www.irba.co.za>.

The relevant approved registered auditor may be contacted to confirm whether such a certificate was issued.

Accounting officers as contemplated in section 60(4) of the CCA;

These certificates will be issued on the accounting officer's letterhead with the accounting officer's practice number and contact number clearly specified on the face of the certificates.

The content of B-BBEE Status Level Verification Certificates issued by accounting officers as contemplated in the CCA is detailed in paragraph 4.8.5 below.

VERIFICATION OF B-BBEE LEVELS IN RESPECT OF EMEs

In terms of the Generic Codes of Good Practice, an enterprise including a sole propriety with annual total revenue of R10 million or less qualifies as an EME.

In instances where Sector Charters are developed to address the transformation challenges of specific sectors or industries, the threshold for qualification as an EME may be different from the generic threshold of R10 million. The relevant Sector Charter thresholds will therefore be used as a basis for a potential bidder to qualify as an EME.

- For example, the approved thresholds for EMEs for the Tourism and Construction Sector Charters are R2.5 million and R1.5 million respectively.
- An EME automatically qualifies as a level 4 contributor with B-BBEE recognition level of 100% in terms of the Codes of Good Practice.
- An EME with at least 51% black ownership qualifies as Level 2 Contributor with B-BBEE level of 125% in terms of the Codes of Good Practice.
- An EME with 100% black ownership qualifies as a Level 1 contributor with B-BBEE level of 135% in terms of the Codes of Good Practice.
- An EME that is regarded as a specialized enterprise with at least 75% black beneficiaries qualifies as Level 1 contributor with B-BBEE level of 135% in terms of Codes of Good Practice.
- An EME that is regarded as a specialized enterprise with at least 51% black beneficiaries qualifies as a Level 2 contributor with B-BBEE level of 125% in terms of the Codes of Good Practice.
- An EME is required to submit a sworn affidavit confirming their annual total revenue of R 10 million or less and level of black ownership to claim points
- An EME that is regarded as a Specialized Enterprise, is required to submit a sworn affidavit confirming their annual turnover/ allocated budget/ gross receipt of R 10 million or less and level of percentage of black beneficiaries to claim points
- An EME may be measured in terms of the QSE scorecard should they wish to maximize their points and move to a higher B-BBEE recognition level. It is in this context that an EME may submit a B-BBEE verification certificate.

ELIGIBILITY AS QUALIFYING SMALL ENTERPRISES (QSE)

The Codes define a QSE as any enterprise with annual total revenue of between R10 million and R50 million.

- A QSE with at least 51% black ownership qualifies as a Level 2 contributor.
- A QSE with 100% black ownership qualifies as a Level 1 Contributor.
- A QSE that is regarded as a specialized enterprise with at least 75% black beneficiaries qualifies as a Level 1 contributor with B-BBEE level of 135% in terms of the Codes of Good Practice.
- A QSE that is regarded as a specialized enterprise with at least 51% black beneficiaries qualifies as a Level 2 contributor with B-BBEE level of 125% in terms of the Codes of Good Practice.
- A QSE is required to submit a sworn affidavit confirming their annual total revenue of between R10 million and R 50 million and level of black ownership or a B-BBEE level verification certificate to claim points
- A QSE that is regarded as a specialized enterprise is required to submit a sworn affidavit confirming their annual turnover/ budget/ gross receipt of R 50 million or less and level of percentage of black beneficiaries or a B-BBEE level verification certificate to claim points

| NAME OF THE SERVICE PROVIDER | RAMCOM CAPE PTY LTD |
|------------------------------|---|
| | EXPLANATION OF EXPERIENCE |
| | <p>I, Marcelle van der Merwe, Designated Representative / Liason for Ramcom Cape, has been in the industry since 2004. I matriculated in 1987 and spend 1988 in the South African Army Womens Coledge in George. Not only was this the perfect institution to learn punctuality and discipline, it also shaped me as a person to be a perfectionist. I studied and obtained my National Diploma in Public Relations at the Cape Technicon from 1989 - 1991. The Public Relations background gives me the edge over any other service provider as not only can I communicate to anybody about anything, it also means that I can remember details and instructions better. My father was a mechanical engineer and I spend almost all my weekends from the tender age of 4 in a workshop - thus having an indepth understanding about processes and practices, workshop housekeeping and a great knowledge about tools. I have a great support team in the workshop and on the admin side. I have a wide network of service provides with SLA's in place and have come to know and work with some of the most influential people in this industry. Ramcom Cape offer a better experience and all round Fleet Management portfolio, as we have our own workshop and qualified staff and do not need to outsource every single job. We know the intricate detail of Fire Fighting Vehicles, Fire Fighting pumps and equipment, and the urgency related to the repairs of such vehicles. I have during the last 5 - 6 months - from the award of Cape Winelands Tender T2022-052, answered all calls personally, made appointments and issued Purchase Orders to suppliers within 10 minutes of the initial call. I had two tow-ins in one night after 11pm and both were executed within 4 hours of the first phone call. I have contacted and even visited most of our extensive list of service providers in Paarl. Worcester and Stellenbosch personally and the working relationship is excellent. No job too big or too small. The edge we have over any other Fleet Management company, is fast reaction and turn around times. We know the product and the repairs takes priority at all times. Any other Fleet Management company might only contact a service provider the next day if a call is placed after hours. And in some instances the Customer will not have the option to choose where the vehicle must be repaired. They usually pick a provider on the list and that provider might not be the best one for that specific job. With Ramcom Cape the Customer can tell me where they want the vehicle to go if it is not coming to my workshop. Without trying to sound vain, I do know what I am doing and I am good at that. I have an amazing support team and can call on anyone of them at any time. Ramcom Cape will be the best choice for the award of Tender T2023-010. Thank You</p> |

O. CERTIFICATE OF INDEPENDENT BID DETERMINATION (MBD 9)

1. This Municipal Bidding Document (MBD) must form part of all bids¹ invited.
2. Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
3. Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
4. This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid rigging.
5. In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
